

A game of marriage, murder, and money.

Compete with the other lovely ladies in your town by strategically growing your dowry and ultimately marrying the duke. Be careful not to gain too much infamy, however, or the duke may pass you over for another bride!

Components Include:

1 Rulebook, 6 Player Boards, 24 Husband Cards, 89 Main Deck Cards, 12 Starting Farm Cards, and punchboard tokens.

Gorgeous art and stylish presentation:

Game design by Sarah Shipp with art by Mercedes Palacios.

So many ways to strategize:

Build your estate with a starting dowry, strategize an exit plan when opportunity strikes, and find your next beau before you become too suspicious.

*How far are you
willing to go
to be the next
Duchess?*
